ENVIRONMENTAL AUDIT & ESG COMPLIANCE REPORT

Standard: ISO 14001:2015 Environmental Management Systems

Facility Inspected: Plant 04 Chemical Synthesis Complex
Auditing Agency: EcoVeritas Global Standards
Assessment Date: 20-OCT-2026

Executive Findings:
1. Carbon Scope 1 Direct Emissions: 1,420 metric tons CO2e (Compliant with regional caps).
2. Wastewater Effluent Treatment: pH normalized between 6.8 and 7.4 prior to municipal discharge.
3. Hazardous Chemical Storage: Secondary containment dykes inspected and certified sound.
4. Zero critical non-conformances identified during on-site surveillance audit.

Certification Status: Recommended for 3-Year ISO 14001 Recertification.
Lead Environmental Auditor: Dr. Marcus Vance, PhD, QEP
